Soft Face
Cheeks and lips flushed with baby pink are as fitting now as they were in Botticelli's day. "Radiant pastels give the face a softness that's very pretty," Rahman says. For even more of the angel-dusted effect, prep the face with a mix of two parts light-reflecting lotion and one part foundation. Cotton blouse by Louis Vuitton. Amethyst-coral-and-topaz cross necklace by Iradj Moini. Makeup colors: Tender Blush Sheer Stick in Plum and Pure Color Long Lasting Lipstick in Vanilla Truffle by Estée Lauder. Details, see Credits page.
